8% Redistribution In CAKE

8% of every buy/sell is taken and redistributed to all holders. Hold \$DaddyCake tokens, earn CAKE.
Minimum 100,000 tokens

Auto Paid Every 60 Minutes

For the first time ever, you don't need to claim your earned CAKE. It's automatically sent to your wallet every 60 minutes. Note: in periods of lower volume this may take longer, but you always get your CAKE.

3% Auto Liquidity Pool

3% of every transaction is transformed into liquidity for Pancakeswap. It's automatic and helps create a price floor (stability).

1% Sell Fee

Extra 1% fee is applied to all sells. This will allow us to reduce swing-trading and break whales' control.

Secured By Design

Initial Liquidity Provided will be locked with DXLock for more than 3 months. Max sells are limited to 0.15% of supply to avoid dumps.

Massive Marketing Plan

4% of every transaction is allocated to Marketing in CAKE (swapped to CAKE in real time to avoid dumps). So we can fuel the most ambitious projects and reward our active community.

FREQUENTLY ASKED QUESTIONS

What is DADDYCAKE Token?

Daddy Cake is the father of the Baby Cake reflection token. Simply hold \$DaddyCake tokens and get rewarded in CAKE on every transaction! With the auto-claim feature, you'll receive CAKE automatically in your wallet every 60 minutes. Check out DaddyCake's tokenomics and see why he's cooler than his baby.

Will my rewards always be paid hourly?

Our unique reward system is triggered by volume (buy + sell activity to cover gas fees). Payouts to holders may not occur every hour if trading volume is low. When this is the case, the amount of rewarded CAKE each holder will receive does not decrease. However, will accrue over a longer period of time until it is suitable for a payout to trigger (usually a few hours).

Is there a minimum amount of \$DADDYCAKE tokens needed?

At this stage, there is no minimum of \$DADDYCAKE tokens needed by each holder. But if you want to benefit from the CAKE reward distribution you will have to hold at least 100,000 \$DADDYCAKE tokens.
